International
Plastic Surgery
Summer School

15-16-17
June 2023

Dr. Kai O. Kaye / MD_FEBOPRAS

*My team and I are
welcoming you in June for*

MIP 2023

6th Marbella
International
Plastic Surgery
Summer School

We are pleased to announce the 6th International Plastic Surgery Summer School in Marbella

After now already 5 successful editions, we are looking very much forward to sharing knowledge with our colleagues from all over the world again. MIPSS has developed into an renown international event where Plastic Surgeons from all over the world share their honest experiences, discuss pearls and pitfalls of new techniques and contribute selected presentations within their field of expertise.

The 2023 edition will have many exiting new speakers, 2 days of live surgery sessions and for the first time newly designed Video sessions!

The two and a half-day event combines in-depth presentations in 7 different scientific panels, while aiming for a direct and on-going exchange between faculty and attendees.

The scientific program of 2023 will include lectures from selected, internationally recognized speakers covering a wide range of Aesthetic Plastic Surgery as well as a non-surgical treatments, practice management, optimization and marketing.

There will be a panel on advanced injectable / non-surgical treatments and for the third time we will have an hands-on workshop for advanced injectable training. Places for this workshop are limited to 15 participants and need to be registered separately. The scientific sessions will take place at the Hard Rock Hotel Marbella. Situated in Puerto Banús, the pulsating lifestyle heart of the sun soaked "Costa del Sol", 5 min from the famous yacht harbor, the congress venue sets a great background to explore the surroundings and for our social program.

Take a stroll through the picturesque old town of Marbella, try some typical "tapas" with Spanish wine, visit a Flamenco session, spend some time in the famous clubs of Puerto Bónus and open all your senses to the feel of Mediterranean summer in Andalucia...

The pristine Mediterranean Sea, the excellent weather at that time of the year and the vibrant nightlife that characterize Marbella allow us to create a fantastic social program where all participants can network and enjoy together with their international peers.

Sign Up & Register

This meeting is restricted to the 4 Core Specialties defined by the International Society of Aesthetic Plastic Surgery (ISAPS).

The 6th MIPSS Marbella International Plastic Surgery Summer School, Marbella, Spain, has been granted 22 CME credits by EACCME.

Through an agreement between the Union Européenne des Médecins Spécialistes and the American Medical Association, physicians may convert EACCME® credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME® credit to AMA credit can be found at www.ama-assn.org/education/earn-credit-participation-international-activities.

Live educational activities, occurring outside of Canada, recognised by the UEMS-EACCME® for ECMEC®s are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of the Royal College of Physicians and Surgeons of Canada.

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.

Congress fees:

- 500€ before 01.04.2023
- 600€ for Non Member and 550€ for ISAPS Member after 01.04.2023
- 375€ for Residents and 475€ after 01.04.2023

The congress fees incl. welcome cocktail, breakfasts, lunches and coffee breaks and congress material.

Cancellation

Our cancellation terms are as follows:

- Up to 21 days before the start of the event: 50 % of the participation fee.
- Up to 7 days before the event: 75 % of the participation fee.
- Thereafter 100 % of the participation fee.

MIPSS 2023

Andalucía

Axis between Europe and Africa and meeting point of the Atlantic Ocean and the Mediterranean Sea, this region has been coveted by many different cultures throughout history and prehistory.

The region of Andalusia has a surface area of 87,268 km² and represents 17.3% of Spain. It is, on its own, larger than countries like Belgium, Holland, Denmark, Austria or Switzerland.

The diversity of landscapes and geographical terrain gives rise to an array of environments that go from the heat of the Guadalquivir River valley through to luxuriant mid-mountain areas, volcanic landscapes such as the Tabernas desert, and the snow-capped peaks of Sierra Nevada.

The Guadalquivir is Andalusia's most important river and brings life to many areas in its journey across the region. In barely forty kilometres you can go from Alpine mountain landscapes to tropical areas on the shores of the Mediterranean. The coast of Andalusia stretches for almost 900 kilometres and is home to a large number of cities, towns and beaches that are a delight to visit.

Andalucía

Historic cities like Sevilla, Cordoba and Granada can take you back in time and show you the impact of more than 700 years of moorish influence in Andalusia, resulting in a cultural heritage very different from the rest of Spain.

Malaga underwent a positive transformation as a city over the last 10 years, offering a vibrant night life in the heart of the old town, various internationally recognised museums and collections like the Picasso Museum, The Carmen Thyssen-Bornemisza Collection or the Centre Pompidou and a lively port home to many cultural events in the summer.

Only within 1 hour of Drive from the buzzing atmosphere of the world famous beach resort Puerto Banús, our congress venue, you can wander miles of empty beaches on the Atlantic coast near the laid back Surfer's town Tarifa or visit Ronda and the world famous white villages of Andalusia tucked away in the breathtaking beauty of the Sierra de Ronda mountain range.

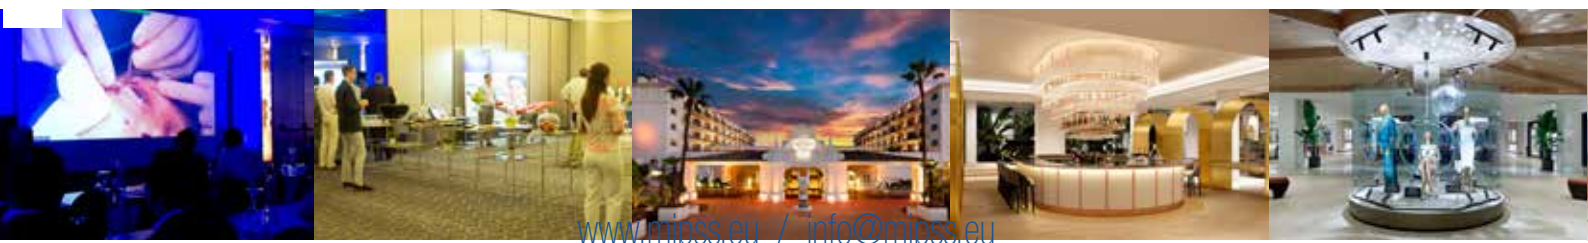

The whole ensemble represents a range of attractions for tourists that goes from impressive monuments in large towns to typical small villages, which have provided a constant source of inspiration for all kinds of artists.

Don't miss it. Andalusia loves you...
